AUDITOR'S REPORT

SAWYER & SAWYER

Accountants and Auditors

Camden — Milbridge

Maine

January 29, 1962

Board of Selectmen

Franklin, Maine:

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, and at your request, we have audited the records of the Town of Franklin for the period March 1, 1960 to February 28, 1961.

The examination was made in accordance with generally accepted auditing standards that pertain to municipal accounting. Audit analysis was in a basis consistent with that of the preceding year, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination the financial transactions of the Town appear to have been appropriately handled.

Exhibits and Schedules incorporated in this

report impartially present the financial position of the Town and the result of its operations for the period designated.

Comments and other data included in the report may prove of interest to you, all of which is respectfully submitted.

Yours very truly,

SAWYER & SAWYER

By A. F. Sawyer

Accountants and Auditors.

COMMENTS

* * * * *

An audit has been completed of the financial records of the Town of Franklin for the fiscal year ended February 28, 1961. This audit included an examination of the records maintained by the Assessors, Selectmen, Treasurer, Tax Collector and Town Clerk.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The result of the year's operation of the departmental accounts revealed that available funds exceeded expenditures by \$2,583.68 which are summarized below:

Unexpended Balances	\$4,126.34
Overdrafts	1,542.66
	<hr/>
	\$2,583.68
	<hr/>

ASSETS

The cash balance of \$10,859.30 reconciled with the bank statements furnished by the Union Trust Company, Ellsworth, Maine. This balance is the general fund balance of \$5,449.48 and the water system balance of \$5,409.82.

Other assets, including accounts receivable taxes, tax liens and tax acquired property were reviewed. Unpaid accounts were reconciled.

with the balances shown on the records of the Selectmen.

LIABILITIES

Total general fund liabilities amounted to \$6,750.20 which represented accounts payable of \$6,617.52 and \$132.68 due Trust Funds.

RESERVES AND SURPLUS

The appropriation accounts reflect a net unexpended balance of \$1,872.13 which is being carried forward to the ensuing year.

The unappropriated surplus amounted to \$464.97, a decrease of \$8,538.24. This change was occasioned principally by the excess of available funds over expenditures less several transfers to departmental accounts.

TRUST FUNDS

An examination of the various funds held in trust by the Town revealed that the principal of these funds amounted to \$8,150.00 and unexpended income \$165.42. These funds were legally invested with the exception of \$138.62 in the general fund.

SCOPE OF AUDIT

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash

and other matters of financial concern. Receipts, vouchers, and cancelled checks were examined for a selected period and major increases or decreases in revenue or expenditures over previous years were explored.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions were properly administered.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at February 28, 1961 and the result of its operations for the year then ended.

REPORT OF WATER SUPERINTENDENT

Four years ago last November second, a sum of money was left to the town of Franklin for the establishing and development of a permanent water system for a majority of its citizens. We had four years to accept, survey and construct said water system.

The first step was to prove that it could be done for the available funds. A water board comprised of our senior citizens and business men was designated by our annual meeting to investigate the possibility. They procured the services of a competent lawyer and an engineer and the wheels began to turn. The result of their efforts assured us that we could have a system for the amount of funds available, that the legal obstacles could be overcome, and the money turned over to us. All three things were done.

The various sources of water considered were thoroughly studied and one by one eliminated until our present source was left, and its advantages far outweighed the advantages of the others when our budget was considered.

We constructed the system comprised of 25000 feet of pipe, 19 hydrants and 65 services, of which

45 are active paying customers. The hydrants are located within 500 feet of every house in the area served by the water, which will give us a reduction of our insurance rates as soon as they can be determined by the underwriters. We have from 250 to 1000 gallons per minute available at the hydrants under pressure ranging from 40 to 65 pounds.

All this was made possible by the generosity and thrift of Adelaide Bunker. Inspired by a love of her fellow men, a faith in God and the town in which she lived, she dedicated all her fortune and a life of sacrifice for the future growth, development and general well-being of her community.

REPORT OF BAYVIEW CEMETERY ASSOCIATION

Example of Unimproved Lots at Bayview Cemetery that we hope to improve through the efforts of our Association.

This photo shows a section of Bayview Cemetery that meets with our long range program. Won't you help us?

The above pictures and captions are an example of the program being conducted by the Bayview Cemetery Association to improve the appearance of our cemetery in Franklin. There are over 300 lots in this cemetery. 12 lots are maintained by Town Trust Funds. 38 lots are maintained by Association Trust Funds. 90 lots (approx.) have been cared for by our sexton and paid by private individuals. 50 lots (approx.) are cared for by owners or relatives. 47 lots have had no maintenance recently.

The Association has spent \$247.60; raised by our annual dinner and other donations during the past year, for the improvement of these unimproved lots. The appearance of our cemetery has improved considerably in the past few years, but there is still much to be done. The Association will appreciate any assistance it may receive from the Town at the Annual Town Meeting.

Signed:

W. W. Blaisdell,
Pres., Bayview Cemetery Ass'n.

FRANKLIN

SCHOOL DEPARTMENT

To the Superintending School Committee
and Citizens of the Town of Franklin:

I hereby submit my sixth annual report as
Superintendent of Schools.

School opened September 4, 1961, with the
following enrollment by grades:

Grade:	1	2	3	4	5	6	7	8
Enrollment	18	10	11	12	8	10	14	16
								Total 99

Sullivan: Grade One—2

The following students are enrolled in Ellsworth High School:

Freshmen: Millard Billings, Richard Bunker, Willard Bunker, Kathleen Davies, Nancy DeBeck, Robert Dow, Sally Gott, Carolyn Hastings, Larrie Hawkes, Thomas Hunt, Virgil Leighton, Philip Lounder, Wayne Murch, Dennis York.

Sophomores: Robert Archer, Joan Bradbury, Elizabeth DeBeck, Scott Griffin, Charles Hammond, Regina Jordan, Suzanne Jordan, David Lounder, Dennis Tracy.

Juniors: Judith Bradbury, Linda Corliss, Lynesta Cousins, Robert Fernald, Carolyn Griffin, Gail Hastings, Nancy McDevitt, Norman York.

Seniors: John Blaisdell, JoAnn Buteau, Barbara Crabtree, Emery DeBeck, John Lounder, Sydney Murch, Bryant Smith.

Christian Schools, Inc.: Junior: Rosemary Clark.

I have visited your school periodically and have found that a proper atmosphere of learning is maintained and quite apparently the prescribed courses of study are followed. This is occasioned largely due to the competence of the teachers and the fact that we are able to retain the same staff from year to year.

It would appear from your enrollment that there is not an immediate need for building expansion, which is facing many towns these days. I would, however, state that we must keep a careful watch on any trend towards such an increase, because two or three years of steady growth could cause us to become crowded to the point of capacity.

A word is in order about the splendid work done by the school lunch committee during the year. They have provided a new three-section stainless steel sink as recommended by the State,

and enlarged the kitchen area. With the help of the Maine T. B. Association, a new electric water heater has also been installed, which provides much more adequate water for sanitary dish washing.

It was with regret that we learned of the passing of Adah Savage, who contributed much to the success of the school lunch program in tireless effort and time.

The School Committee and I have met and presented the following budget recommendations for next year:

The major portion of your budget increase of about \$6,000 is reflected in tuition to high school. Not only has there been a marked increase in secondary per-pupil costs, but you will also have an increase in enrollment next fall of nine students, or 25 per cent over this year. While you will receive about \$800 more subsidy

next year, this item is more than offset by a much lower balance forward.

We have recommended an amount of \$700 for repairs and equipment, mainly for painting and classroom furniture. I would be remiss not to recommend again that you raise an amount each year for a bus purchase fund, to make it easier for the town when the year comes to trade busses. Your present Ford bus will probably have to be replaced in two or three years, and you could budget for that accordingly.

In closing, I again thank the Committee, and town officers, school personnel, and all parents and citizens who help work for better schools. There is no better investment than the education of your young people. You are investing wisely.

Respectfully submitted,
G. FRANK SAMMIS, JR.,
Superintendent of Schools.

This year we have accomplished what we have been working for the past two years, the three-well stainless steel sink has been installed, the Electric Hot water heater has been added, and the large cupboard for storing foods and vegetables has been constructed. These items add much to the efficiency of the program.

There are a few necessary repairs that should be made this current year, namely, a bin for storing the potatoes, paint in the kitchen and carpet to finish out the part that had to be extended because of the sink installation.

The School Lunch Committee wishes to thank all who have contributed toward this program, the Northeastern Packing Company, Mr. and Mrs. Leo W. Blaisdell, Game Warden Harvard Bellatty, the Womens' Extension Service, the Maine T. B. Association, the Parents and Teachers for their cooperation and all others who have assisted in the School Lunch Program.
